

Crandall High School Band

March 8 – 11, 2018

Travel Packet

Primary Responsibilities for Chaperones

1. Help students remember that they represent our community always.
2. Watch carefully for potential problems. If you see a potential problem, then please notify a director.
3. Look out for the students. Disney is HUGE. **All students should be in groups of FOUR or more at all times. If students are seen in a smaller group, they must stay with a chaperone for the remainder of the day.**
4. Make sure the entire group travels together, to and from destinations. We will safely load as many people as possible on the Disney Transportation buses.
5. Please encourage students to clean up after themselves along the way.
6. Help make sure that every portion of the trip runs smoothly.
7. Help students be on time.
8. Have different plans while the students are at the You're Instrumental workshop.

Important Notices Given to the Students

1. **Drugs, alcohol, tobacco, vaporizers, and weapon notice:** If you are found with any of these substances or items in your possession, then you will be sent back to Crandall on the first available flight. Your parents will be charged for the cost of airfare. Discipline may be required upon your return.
2. **Room checks:** They will happen every night. Everyone assigned to your room must be present and in sight. You will not leave your room (unless you need a security guard) after lights-out or as instructed by a director.
3. **Cell phones:** Please keep your phone with you and charged. Directors will have a phone list.
4. **Money:** You are responsible for keeping up with your own money. Keep it in something that is not easily grabbed or taken. Never leave money, credit cards, jewelry, or other important belongings laying anywhere. Keep money in smaller bills (\$20 or less). Do not wave around a lot of money in public. Keep track of your money and budget for all of your meals. Be smart with what you buy and what you eat.
5. **Gratuities:** Please keep dollar bills for gratuity for your bell persons that deliver instruments and luggage, bus drivers, and hotel service people. Standard gratuity for hotel service is \$1 per day, per person in each room.

General Guidelines

1. Should any problems arise on the trip, the band directors will handle them. You will be respectful of all chaperones.
2. You are responsible for all of your own luggage and instruments. Never leave anything unattended.
3. No public or private displays of affection. Refer to the CISD Guidelines.
4. Be on time and have what you need for that particular day. Always double check.
5. Dress appropriately. Wear enough clothes. Bring raingear if necessary.
6. Act mature and use good judgment in all public places. You are representing Crandall High School at all times.
7. Theft or vandalism is totally unacceptable and will be dealt with as a major school offense.
8. Do not get into any vehicle other than the authorized vehicles we take as a group.
9. You must stay within the boundaries set by the directors at each destination. Always be in groups of 4 or more.

Hotel Guidelines

1. No one is allowed in another person's room. This means being through the threshold of the door. There will be no exceptions to this rule.
2. Only current Crandall HS band students, directors, or chaperones can be in the hotel room.
3. Curfew violations are among the most serious issues on trips for security reasons. We will clearly establish when you are to be in your rooms and when you may come out the next morning. Security will be checking on you throughout the night.
4. Please keep noise level down, especially in rooms. Other guests are staying at the hotel.
5. The rooms will be checked for damage upon arrival and upon leaving. Horseplay (wrestling) should be avoided in order to not have "accidents." Report any damage immediately to a band director.
6. Keep doors locked. When someone knocks always check through the peephole first.
7. The hotel will not be responsible for valuables left in the room.
8. Even though there is cleaning service every day, keep room clean by throwing things away and picking up after yourself. The hotel may bill individuals in the room for stains, spills, or damage.
9. Do not ask to switch rooms.
10. If you need something from the front desk, ask a chaperone or director to get it for you.
